This guide highlights the place of translation in our culture, encouraging awareness of the process of translating and the choices involved, making the translator more 'visible'. Concentrating on major writers and works, it covers translations out of many languages, from Greek to Hungarian, Korean to Turkish. For some works (e.g. Virgil's Aeneid) which have been much translated, the discussion is historical and critical, showing how translation has evolved over the centuries and bringing out the differences between versions. Elsewhere, with less familiar literatures, the Guide examines the extent to which translation has done justice to the range of work available.

A student and intern credited with saving the life of Gabrielle Giffords during the Tucson shooting shares the story of his life while exploring the character qualities that have helped him rise above adversity and pursue his goals.

This popular and important romance in the Middle Ages was written in Picard, one of the more difficult regional dialects of Old French. Guillaume de Palerne is a non-Arthurian romance offering a different vision of the medieval world, one in which we find the hero in a more realistic setting confronting the obstacles that fate--not his quest for fame--has set in his path. It is the story of a young prince of Sicily who is kidnapped by a werewolf at the age of four. Woven into the story of the eponymous hero is the parallel story of Alphonse, the Spanish prince who was transformed into a werewolf by

his stepmother when he was still a toddler. The anonymous poet has woven humor, contemporary allusions, reworkings of traditional motifs and a hidden moral lesson into the story's engaging plot. The romance also presents the reader and scholar with a complex portrayal of the constancy and changeability of identity that provides new insight into the medieval attitude toward individuality. Based primarily on Alexandre Micha's 1990 edition, this translation is intended as a guide to reading the original rather than as a substitute. The editor has attempted to be as literal as possible and to remain faithful to the register and tone of the original, including its original word order and grammatical structure. In addition to the translation, the finished text includes an introduction, notes and a select bibliography.

Hero vs. Villain is a gently irreverent book of opposites with a slight narrative that plays on the popularity of benign villains and superheroes. Their adversarial relationship makes heroes and villains the perfect stars for a book about opposites. But can sworn enemies learn to be friends?

This inspiring book presents the true stories of 12 people from across North America who have done great things for the environment. Heroes include a teenage girl who figured out how to remove an industrial pollutant from the Ohio River, a Mexican superstar wrestler who works to protect turtles and whales, and a teenage boy from Rhode Island who helped his community and his state develop effective e-waste recycling programs. Plenty of photographs and illustrations bring each compelling story vividly to life.

High-school writing prompts often ask students to provide overly simplified responses to complicated issues, but a person's stance in the real world can rarely, if ever, be reduced to "agree or disagree." Arguments are complex, with more than two points of view and a range of evidence to consider; however, writing classes don't always embrace that complexity. Real Writing: Modernizing the Old School Essay contends that engaging fully with complex texts and difficult, nuanced arguments helps students become better thinkers and writers, more fully prepared for life both in and after high school.
