"The subtitle tells us all we need to know about the contents, and the publisher's reputation tells us the rest ... beautifully compiled ... with thorough subject, title and author indexes." Reference Reviews "It's surprising how quickly a new reference can come to seem essential when it brings together previously uncompiled information. Such is the case with this guide..." Reference & Research Book News "I find this book an excellent collection development tool that renders its rivals obsolete ... I have used it several times to get patrons on the right track for their reading wants and needs." Wilson Library Bulletin Based on positive reviews from respected sources (Library Journal, Booklist, Choice, The New Yorker, The New York Times Books Review, Atlantic, Time, Newsweek and others), this cornerstone resource gives you all the information you need to evaluate, choose and order any of more than 10,000 ESSENTIAL books for your collection. Best Books for Public Libraries divides titles into two parts: fiction (by genre) and nonfiction (by Dewey Decimal classes). Entries identify award winners, best-sellers, and large-type editions, in addition to providing the title, author, publication date, publisher, price, edition, ISBN, a brief annotation, and citations for published reviews.

An epistolary novel set on a fictional island off the South Carolina coastline, 'Ella Minnow Pea' brings readers to the hometown of Nevin Nollop, inventor of the pangram 'The Quick Brown Fox Jumps Over the Lazy Dog'. Deified for his achievement in life, Nevin has been honored in death with a monument featuring his famous phrase. One day, however, the letter 'Z' falls from the monument, and some of the islanders interpret the missing tile as a message from beyond the grave. The letter 'Z' is banned from use. On an island where the residents pride them-selves on their love of language, this is seen as a tragedy. They are still reeling from the shock when another tile falls. And then another... In his charming debut, first published in 2001, Mark Dunn took readers on a journey through the eyes of Ella Minnow Pea, a young woman forced to create another clever turn of phrase in order to save the islanders' beloved language.

Alive, Anna considered leaving her husband. Dead, she naively believes she has escaped this difficult choice. How cruel for relationship problems to tag along to the dead side. On November eleventh, Anna Wixim, mother of two, number geek and palindrome seeker, finds herself dead at forty-four. While wandering the universe and watching her family grieve, Anna learns that the two-way portal between her life and death remains wide open. Still, Anna hesitates to return to the man she loves. She has many reasons, real and imagined, to hesitate. The universe is full of wonder; time is boundless; she doesn't have to do laundry. And her husband doesn't want her back. Based on his own

experience in crossing a yawning space-time gap, her husband, Eddie, understands the rules of the universe, including Anna's free choice to come back to him. He also knows that she doubts his love because he forgot to say that he loved her-for twenty years. On top of that, he wasn't even nice for the last two months of her life. Don't judge. It wasn't fair for the universe to reveal Anna's deathday to him. Eddie couldn't function, couldn't have a conversation or take a full breath, faced each year with the relentless approach of November eleventh.

As the magazine of the Texas Exes, The Alcalde has united alumni and friends of The University of Texas at Austin for nearly 100 years. The Alcalde serves as an intellectual crossroads where UT's luminaries - artists, engineers, executives, musicians, attorneys, journalists, lawmakers, and

professors among them - meet bimonthly to exchange ideas. Its pages also offer a place for Texas Exes to swap stories and share memories of Austin and their alma mater. The magazine's unique name is Spanish for "mayor" or "chief magistrate"; the nickname of the governor who signed UT into existence was "The Old Alcalde."

A multidisciplinary index covering the journal literature of the arts and humanities. It fully covers 1,144 of the world's leading arts and humanities journals, and it indexes individually selected, relevant items from over 6,800 major science and social science journals.

Texas Women Writers: A Tradition of Their Own is a sweeping account of a rich yet largely ignored literary history covering over 160 years of women's writing in the Lone Star State. Their writings vary widely in theme, setting, and voice; nevertheless, these writers share a distinct tradition that is in part defined by their isolation due to both geography and gender and is wholly different from that of their male counterparts. The introductory essay by the editors covers the history of women writers in Texas from the pioneers to the postmodernists, providing the context and theme for the survey. Critical-biographical portraits of the lives and careers of individual writers both major and minor follow: from novelists, dramatists, and poets, to writers of short stories, children's books, and creative nonfiction. Other essays examine the developmental history of major genres in the region and chronologically review each generation and the particular challenges of time and place that shaped their work. The careers of African-American and Tejana writers are also examined as part of newly emerging literary traditions. Adult books are categorized by genre (i.e., fiction, mystery, science fiction, nonfiction). Along with bibliographic information, the expected date of publication and the names of literary agents for individual titles are provided. Starred

reviews serve several functions: In the adult section, they mark potential bestsellers, major promotions, book club selections, and just very good books; in the children's section, they denote books of very high quality. The unsigned reviews manage to be discerning and sometimes quite critical.
