Maximize the full features of your iPhone 12 mini
The iPhone 12 mini marks a change in direction, not just from Apple but also in an industry of increasingly large smartphones. This smaller form factor is a welcome addition to Apple's lineup. The 12 mini is just a miniature iPhone 12. It has the same new design, from the flat, color matching aluminum frame to the glossy glass back. It gets the same improvements like the ceramic shield display and the new water resistance rating too. You don't have any durability compromises with the smaller phone. The iPhone 12 mini supports 5G connectivity, has better water and dust resistance, improved cameras, and runs on the brand-new iOS 14. iOS 14 brings several new features and tweaks like widgets, the app library, compact call interface, the translation app, the sleep tracking app, Siri improvements, and several others. smartwatch you can buy and has been
recommended by various tech experts. It doesn't
have the advanced health sensors that the Series 6
offers, or the always-on display, but it has everything
else we love about Apple Watch for a lot less.
Similar to Apple's iPhone SE, the idea behind the
Watch SE is to combine the best bits of the
company's recent devices into a more affordable
model. As such the watch is essentially a Series 6

Learn to take great photos with your iPhone—the camera you always have with you!

Imagine if someone took the same photographic techniques, principles, and tools used by high-end and professional photographers, but applied them to shooting with an iPhone. Imagine the type of images you'd be able to create using those same ideas. Well, finally, somebody has.

The world's #1 best-selling photography techniques author is about to break all the rules as he shows you how to apply the same techniques today's top pro photographers use to make stunning images. You're going to learn exactly how to use these techniques to create images that people will just not believe you could actually take with a phone (but with the quality of the iPhone's camera, you absolutely can!).

Scott leaves all the techno-speak behind and, instead, treats the whole book as if it were just you and he out on a shoot with your iPhones, using his trademark casual, plain-English writing style to help you unlock the power of your iPhone to make the type of pictures you never thought could be done with a phone. You'll learn:

- Which tools to use to make pro-quality portraits in any lighting situation.
- How to create stunning landscape shots that people will swear you took with an expensive DSLR or mirrorless camera.
- Proven posing techniques that flatter your subject and make anyone you photograph look their very best in every shot.
- How to organize and edit your photos like a pro!
- The pros' top tips for making amazing shots of everything from flowers to product shots, from food photography to travel shots, and everything in between.

Each page covers a single concept, a single tool, or a trick to take your iPhone photography from

snapshots to shots that will make your friends and family say, “Wait...*you* took this?!”

through the changes and show you why updating is nothing to be afraid of. The iPhone doesn't come with a handbook / user guide; this though doesn't mean that you have to buy someone else's handbook! iPhone does have a handbook! There are three ways to get it: 1. Download it from the Apple iBookstore (it's free) 2. Get it online by going to manuals.info.apple.com 3. Get it on your phone; if you go to your bookmarked pages on Safari, the last bookmark is for the 'iPhone User Guide'. So why do you need this book? This book was written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPhone, and you will find that in Apple's comprehensive manual. If you are like my parents though, new to the iPhone and just want to learn all the basics in about 30 to 60 minutes or an hour that is, then this guide will help you. People who just want to know how to add their contacts, how to take photos, and how to email. It's not for advanced users, though if you are upgrading from the previous Apple iOS (iOS 6) then you will most probably find it useful. If you are ready to learn read on!

Step-by-Step User Guide for the iPhone 5: Getting Started, Downloading FREE eBooks, Taking Pictures, Making Video Calls, Using eMail, and Surfing the Web.
