The Queen of Sheba is a famous legendary figure, first referred to in the Old Testament as bringing great riches to the court of Solomon. Later Jewish, Islamic, Ethiopian and Christian traditions dwell on different attributes, giving rise to a rich artistic vein, particularly but not exclusively in Renaissance and later art. The truth is that the Queen of Sheba remains an anonymous figure of legend associated with the land of Saba', one of the great early kingdoms of southern Arabia (present-day Yemen). The ancient caravan kingdoms of this region have fascinated travellers and scholars since the nineteenth century but our understanding of the history and culture of this region has been fundamentally revised as a result of new archaeological discoveries made in recent decades. This exhibition catalogue charts the story from the Queen of Sheba in art and legend to the archaeological evidence for the historic kingdoms that gave rise to the legend. It contains twelve essays by leading scholars from Britain, USA, Canada and Europe. Over 300 items are described and illustrated in colour, ranging from little-known artworks in UK collections to antiquities from Yemen, mostly never previously exhibited in Britain and providing a magnificent record of the riches of southern Arabia. Book jacket.

Understand Not Only What Scripture Says but How to Live It Today A new commentary for today's world, The Story of God Bible Commentary explains and illuminates each passage of Scripture in light of the Bible's grand story. The first commentary series to do so, SGBC offers a clear and compelling exposition of biblical texts, guiding everyday readers in how to creatively and faithfully live out the Bible in their own contexts. Its story-centric approach is ideal for pastors, students, Sunday school teachers, and laypeople alike. Three easy-to-use sections designed to help readers live out God's story: LISTEN to the Story: Includes complete NIV text with references to other texts at work in each passage, encouraging the reader to hear it within the Bible's grand story EXPLAIN the Story: Explores and illuminates each text as embedded in its canonical and historical setting LIVE the Story: Reflects on how each text can be lived today and includes contemporary stories and illustrations to aid preachers, teachers, and students

Early Greek Law Univ of California Press

The grace of God our Saviour hath in these latter days appeared in His servant Francis unto all such as be truly humble, and lovers of holy Poverty, who, adoring the overflowing mercy of God seen in him, are taught by his ensample to utterly deny ungodliness and worldly lusts and to live after the manner of Christ, thirsting with unwearied desire for the blessed hope. For God Most High regarded him, as one that truly was poor and of a contrite spirit, with so great condescension of His favour as that not only did He raise him up in his need from the dust of his worldly way of life, but also made him a true professor, leader, and herald of Gospel perfection. Aeterna Press

Op basis van het bijbelverhaal en de daar omheen gegeven legenden beschrijft de auteur een liefdesrelatie tussen Salomo en de koningin van Sheba

Over the centuries, Jewish and Muslim writers transformed the biblical Queen of Sheba from a clever, politically astute sovereign to a demonic force threatening the boundaries of gender. In this book, Jacob Lassner shows how successive retellings of the biblical story reveal anxieties about gender and illuminate the processes of cultural transmission. The Bible presents the Queen of Sheba's encounter with King Solomon as a diplomatic mission: the queen comes "to test him with hard questions," all of which he answers to her satisfaction; she then praises him and, after an exchange of gifts, returns to her own land. By the Middle Ages, Lassner demonstrates, the focus of the queen's visit had shifted from international to sexual politics. The queen was now portrayed as acting in open defiance of nature's equilibrium and God's design. In these retellings, the authors humbled the queen and thereby restored the world to its proper condition. Lassner also examines the Islamization of Jewish themes, using the dramatic accounts of Solomon and his female antagonist as a test case of how Jewish lore penetrated the literary imagination of Muslims. Demonizing the Queen of Sheba thus addresses not only specialists in Jewish and Islamic studies, but also those concerned with issues of cultural transmission and the role of gender in history.

History of the Church in England

Transrealist writing treats "immediate perceptions in a fantastic way," according to science fiction writer and mathematician Rudy Rucker, who originated the term. In the expanded sense argued in this book, it also intensifies imaginative fiction by writing the fantastic from the standpoint of richly personalized experience, as in the works of Philip K. Dick. This volume examines a variety of work from a transrealist perspective, including the writings of Dick, Rucker, Kurt Vonnegut, J.G. Ballard, and John Barth.

The study of Syro-Mesopotamian civilization has greatly advanced in the past twenty-five years. In particular the renewed interest in Eastern (or 'Mesopotamian') Syria has radically altered our understanding of not only the ancient Near East, but of the Bible as well. With Syria east of the Euphrates becoming one of the most active areas of archaeological investigation in the entire Near East, the need for a synthesis of this research and its integration with the Hebrew Bible has greatly increased. This volume charts the state of our knowledge, following a general chronological flow, and will appeal not only to scholars of the ancient Near East but also to Biblical specialists interested in the historical and religious backgrounds to the Israelite and Judahite kingdoms.

The central Christian beliefs and how they work out in daily life.

Explores the nature of the Trinity, discussing the different attributes of each member of it and how they form a whole.

It's with a heavy heart that Jane Austen takes up a new residence at Chawton Cottage in Hampshire. Secretly mourning the lost love of her life, she's stunned to learn that the late Lord Harold Trowbridge has made her heir to an extraordinary bequest: a Bengal chest filled with his diaries, letters, and most intimate correspondence. From these, Jane is expected to write a memoir of the Gentleman Rogue for posterity. But before she can put pen to paper on this labor of love, she discovers a corpse in the cellar of her new home. The dead man was a common laborer, and a subsequent coroner's examination shows he was murdered elsewhere and transported to Chawton Cottage. Suddenly Jane and her family are thrust into the center of a brewing scandal in this provincial village that doesn't take kindly to outsiders in general—and to Austen's in particular. And just as Jane

glimpses a connection between the murder and the shattering truth concealed somewhere in Lord Harold's papers, violent death strikes yet another unsuspecting victim. Suddenly there are suspects and motives everywhere Jane looks—local burglaries, thwarted passions, would-be knights, and members of the royal family itself who want Lord Harold hushed . . . even in death. As the tale of one man's illustrious life unfolds—a life that runs a parallel course to the history of two continents—Jane races against time to catch a cunning killer before more innocent lives are taken. But her determination to protect Lord Harold's legacy could exact the costliest price of all: her own life. Jane and His Lordship's Legacy is historical suspense writing at its very finest, graced with insight, perception, and uncommon intelligence of its singular heroine in a mystery that will test the mettle of her mind and heart.

Six months before his death in 1982, Gwen Lee recorded the first of several in-depth discussions with Philip K Dick, discussions which continued over the course of three months. The subjects touched upon include the specifics of his writing process, his reaction to the scenes and trailers of Blade Runner (he never lived to see the finished film), and accounts of his religious experiences. The greatest amount of time was devoted to discussions of his final book Owl in Daylight which remained unfinished. Essential reading for anyone interested in science fiction.

Excerpt from The Prophetic Faith With regard to the use of Scriptural passages in the first and the second part we must make certain methodological observations. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

English summary: The names, origins, and by ways in the west, and the uses and 'imaginary' symbolism that has for centuries distinguished the commerce in incense, cinnamon, and myrrh from the far away regions of the orient to the merchant's stalls of the Greeks and Romans. This is an ideal journey through the centuries of classical antiquity following the caravan routes, legends and the Levantine enchantment that instill an atmosphere of dreams around the commercial and cultural exchanges between the Orient and Occident, prior to the advent of the great Islamic civilization. Italian description: I nomi, le origini, le vie di penetrazione in Occidente, gli usi e il simbolismo immaginario che ha contraddistinto per secoli il commercio di incenso, cinnamomo, mirra dalle lontane plaghe d'Oriente ai banchi dei mercati greci e romani. Un viaggio ideale nei secoli dell'antichità classica al seguito di vie carovaniere, di leggende e magie levantine che infondono un'atmosfera di sogno agli scambi commerciali e culturali tra Oriente ed Occidente, prima dell'avvento della grande civiltà islamica.

Whether you're feeling chronically bogged down in worry or are facing an immediate crisis, Worry Therapy can help. This little guide offers practical hints for "worryproofing" your life, as well as insights into deeper issues.

Drawing on the evidence of anthropology as well as ancient literature and inscriptions, Gagarin examines the emergence of law in Greece from the 8th through the 6th centuries B.C., that is, from the oral culture of Homer and Hesiod to the written enactment of codes of law in most major cities.

Women & Music now features even more women composers, performers, and patrons, even more musical contexts, and an expanded view of women in music outside Europe and North America. A popular university textbook, Women & Music is enlightening for scholars, a good source of programming ideas for performers, and a pleasure for other music lovers.

With a vigor and passion rarely found in a scholarly text, Manlio Bellomo has written a broad history of the western European legal tradition. It is now made available to an English-speaking audience in an elegant and lucid translation from the original Italian.

"[...] XXXIV. The Saint leaves her Monastery of the Incarnation for a time, at the command of her superior--Consoles an afflicted Widow XXXV. The Foundation of the House of St. Joseph--Observance of holy Poverty therein--How the Saint left Toledo XXXVI. The Foundation of the Monastery of St. Joseph--Persecution and Temptations--Great interior Trial of the Saint, and her Deliverance XXXVII. The Effects of the divine Graces in the Soul--The inestimable Greatness of one Degree of Glory XXXVIII. Certain heavenly Secrets, Visions, and Revelations--The Effects of them in her Soul [...]."

A vivid portrait Mary Magdalene, one of the Bible's most compelling women, from the New York Times—bestselling author of Pontiff. Both sinner and saint, passionate and devoted, the figure of Mary Magdalene has fired imaginations throughout the ages. As arguably the closest of Jesus's followers, Mary Magdalene offered a unique perspective on the most enigmatic of men. Drawing on detailed research and informed speculation, this is a vivid and compelling account of Mary's life and the Jesus she knew, by the bestselling author of Trial.

This volume contains the proceedings of an international conference on Solomon that was held at the University of Leuven in 2009 and discussed various aspects of this multifaced character as he appears in Jewish, early Christian, and Islamic tradition.

The essays in this book are unified by a sense of urgency and a heartfelt concern for the Catholic church's present and future following the Second Vatican Council.

Religions are a problem for human rights, and human rights are a problem for religions. And both are problems for courts. This book presents an interpretation of how religion and human rights interrelate in

the legal context, and how this relationship might be reconceived to make this relationship somewhat less fraught. *Litigating Religions*, an essay adapted by Christopher McCrudden from the Alberico Gentili Lectures given at the University of Macerata, Italy, examines how the resurgent role of religion in public life gives rise to tensions with key aspects of human rights, in particular freedom of religion and anti-discrimination law, and how these tensions cannot be considered as simply transitional. The context for the discussion is the increasingly troubled area of human rights litigation involving religious arguments, such as wearing religious dress at work, conscientious objections by marriage registrars, admission of children to religious schools, prohibitions on same-sex marriage, and access to abortion. Christopher McCrudden argues that, if we wish to establish a better dialogue between the contending views, we must address a set of recurring problems identifiable in such litigation. To address these problems requires changes both in human rights theory and in religious understandings.

The mnemonic arts and the idea of a universal language that would capture the essence of all things were originally associated with cryptology, mysticism, and other occult practices. And it is commonly held that these enigmatic efforts were abandoned with the development of formal logic in the seventeenth century and the beginning of the modern era. In his distinguished book, *Logic and the Art of Memory* Italian philosopher and historian Paolo Rossi argues that this view is belied by an examination of the history of the idea of a universal language. Based on comprehensive analyses of original texts, Rossi traces the development of this idea from late medieval thinkers such as Ramon Lull through Bruno, Bacon, Descartes, and finally Leibniz in the seventeenth century. The search for a symbolic mode of communication that would be intelligible to everyone was not a mere vestige of magical thinking and occult sciences, but a fundamental component of Renaissance and Enlightenment thought. Seen from this perspective, modern science and combinatorial logic represent not a break from the past but rather its full maturity. Available for the first time in English, this book (originally titled *Clavis Universalis*) remains one of the most important contributions to the history of ideas ever written. In addition to his eagerly anticipated translation, Steven Clucas offers a substantial introduction that places this book in the context of other recent works on this fascinating subject. A rich history and valuable sourcebook, *Logic and the Art of Memory* documents an essential chapter in the development of human reason.
