This is a user-friendly guide to learning Japanese Katakana and includes a set of 46 flash cards. Japanese Katakana for Beginners makes learning of beginner kana fast and effective by using memorable picture mnemonics, along with clear explanations, examples and lots of fun exercises—a method that has helped thousands of students learn katakana successfully in the United States and Japan. Picture mnemonics enhance memory by associating the shape and sound of each Japanese kana character with combinations of images and English words already familiar to students. This book is organized into three main sections: The first introduces the basic 46 katakana characters along with writing tips and opportunities to practice writing them. The second teaches the usage rules that allow students to write all Japanese sounds, providing more opportunities for practice. The third strengthens students' skills through a wide range of exercises (word searches, crossword puzzles, fill in the blanks, visual discrimination, timed recognition quizzes, etc) designed to both increase the knowledge of the Japanese language and reinforce newly acquired

writing skills. A set of flash cards printed on perforated cardstock and a list of suggested flash card activities, are also provided at the end of the book. Each of these cards introduces a katakana character along with the picture mnemonic that helps to recognize and remember it.

Beginnings: Course One Let's go back in time to the story of Creation and a study of the earliest men in the Book of Genesis. The question is: did God create us or did we come from a sort of cosmic soup billions of years ago? Since Creation has obviously taken place, I believe there is a Creator. He is God. In the Bible, we will see that God does not speak verbally to everyone, but chooses specific people to talk to, and asks them to go forth as prophets for Him.

Those were usually men of great faith. We will soon learn that the Bible is not a story of great men, but of a great God. Yes, the Lord still communicates with us today, and I want to show you how. In this study, Course One of the "Biblical Studies 101", we will assume the Creation story is the true one. If you are not sure about that, I invite you to settle in and read what God has to say about it.

The verbal section of the GRE is essentially a vocabulary test. With a few exceptions, if you know the word, you will probably be able to answer the question correctly. Thus, it is crucial that you improve your vocabulary. Even if you have a strong vocabulary, you will still encounter unfamiliar words on the GRE. Many students write off questions, which contain words, they don't recognize. This is a mistake. This book introduces numerous techniques that decode unfamiliar words and prod your memory

of words you only half-remember. With these techniques, you will often be able to squeeze out enough meaning from an unfamiliar word to answer a question correctly. Nevertheless, don't rely on just these techniques--you must study word lists.

Obviously, you cannot attempt to memorize the dictionary, and you don't need to. The GRE tests a surprisingly limited number of words, and this book has 4000 prime candidates. Granted, memorizing a list of words is rather dry, but it is probably the most effective way of improving your performance on the verbal section. All the words you need for success on the GRE! Features: * 4000 Words Defined * Word Analysis section * 200 Prefixes, Roots, and Suffixes * Concise, practical definitions

Want to learn the quickest, easiest and most efficient way to learn a language to fluency? Don't waste any more time and money with classes, textbooks, audio courses, computer programs and other materials until you have read this.

Coming from 10 years of experience and having already shown thousands of language learners the right way to learn languages... Read on to learn the secrets they don't give you in class. Life is good for me. I am fluent in several languages and conversational in many more. I have friends I speak to on a daily basis who don't speak a word of English. My language ability has opened career doors and made immediate friends out of strangers. Better yet, I receive enjoyment out of using my languages daily in meeting people, watching movies and reading my favorite books. How was I able to learn a foreign language so fluently in such a short period of time? Let me give you a hint: it's not because I'm a genius, spend 10 hours a day studying or have some "gift" for learning languages. It's because I developed a METHOD that will allow you to IMMEDIATELY: Learn new words and phrases quicker than you ever have before and not worry about forgetting them! Speak without a single error. Natives will be scratching their heads wondering why you speak so much better than the other foreigners. Be able to "study" the language without getting bored ever! No more painful language learning. Become fluent quicker than anyone you know. I'm sure you

know of people who have studied a language for a couple or more years. Now you can be fluent well within that time. Surprisingly, the best, easiest and quickest way to learn a language is not written in those textbooks, audio programs, computer programs or other materials. In fact, most of the time, they advocate a painful, hard way to get to fluency. What I've learned in the past 10 years is, it doesn't have to be painful or long! This isn't to say those materials are completely useless but if you want to gain from them as quickly and efficiently as possible, you need to incorporate them into a larger plan. I wrote this book to stop others from making the same mistakes I did when I started to learn languages. I wrote it to show the fastest, quickest and most efficient way to learn languages so that you don't waste a single minute or dollar. I've read a lot of material about language learning and used a lot of different methods. I've discovered what works and what doesn't. Everything I've written in my book is the tips, secrets and method that I've found to actually work to get me to fluency in the shortest period of time. You won't find any ridiculous ideas here like subliminal learning while you sleep. Everything here has been tested by me from scratch and is from real world experience. I have personally invested 10 years and thousands of dollars on learning the best, most efficient way to learn languages. Many people spend thousands of dollars or more on audio programs, textbooks, classes and other language learning materials. What if this book saved you from wasting money on even one of those? If this book saved you even just one hundred hours of studying, what would that be worth to you? Probably a lot more than the cost of this book. A lot of people start out learning a language and then give up somewhere in the middle, never reaching fluency and wasting all the energy, time and money they spent getting somewhere in the middle. Make sure you are not one of those people and invest

Francophile Karen Eberwein had always dreamed of becoming fluent in French. She realized that the perfect way to learn is total immersion - in a small village in the Dordogne Valley. So she packs a bag, rents a rustic stone cottage, and spends nearly a year in Cenac-et-Saint-Julien, France. Karen refuses to speak English, vows to speak to anyone who is willing to talk to her, religiously carries a French dictionary, and retains a light-hearted, playful approach to learning the language. She has carefully chosen a village not dominated by tourism, arrived in December, and in a surprisingly short amount of time, the local people befriend her. Claire, her fast-talking neighbor, invites her to dinner (when it is customary to know someone for years before welcoming them inside your home) and to the 31st Exposition Nationale d'Aviculture, where Claire is showing her pigeons. The elderly man down the hill, Jean-Paul, asks Karen along on a truffle hunting adventure, a visit to a hidden, ancient walnut mill, and accompanies her to the local Occitan festival, where he shares childhood and wartime memories. The local baker invites Karen to observe a typical day at the bakery, starting at 3:00 am., to see how the breads and croissants are made. Not to be outdone, the chef at the local restaurant teaches Karen how to make the traditional Garlic Soup in time to serve it to a crowd of locals for lunch. In the process of learning a language, she becomes part of a wonderful French village. Locals who first acknowledged her with a nod, then a handshake, now greet her warmly with kisses on both cheeks. She has gained much more than a language
