An Introduction To Christian Theology

Christian doctrine for the laity of the church, as well as students in school. Presents the Wesleyan-Arminian persuasion fairly with evidence from the Bible. Cloth.

A modern classic, A History of Christian Theology offers a concise yet complete chronicle of the whole of Christian theology, from its background in the history of Israel to the liberation and postliberal theologies of recent years. This updated thirtieth anniversary includes expanded treatments of theological developments at the end of the twentieth century, and preliminary trajectories for theology in the twenty-first century. It also includes updated bibliographies and revised chapters on important innovations in biblical studies, and their impact on theology. This updated and revised edition will continue to aid the work of both students and faculty for years to come. William C. Placher.is to be congratulated for having done what many would have considered impossible. In slightly more than 300 pages he has chronicled the whole history of Christian theology, from its background in the history of Israel to the various modes of liberation theology in the late 20th century. Moreover, he has touched almost all of the important bases and has dealt with significant figures, issues, movements in an incisive and illuminating manner. This intellectual history, a story of people and their ideas, is a delight to read. I predict it will be widely used not only in college and seminaries, but also in lay institutes and study groups. -- John D. Godsey in The Christian Century

Far from being solely an academic enterprise, the practice of theology can pique the interest of anyone who wonders about the meaning of life. Inviting readers on a journey of 'faith seeking understanding', this introduction to Christian theology - its basic concepts, confessional content, and history - emphasizes the relevance of the key convictions of Christian faith to the challenges of today's world. In the first part, this book introduces the project of Christian theology and sketches the critical context that confronts Christian thought and practice today. In a second part, it offers a survey of the key doctrinal themes of Christian theology - including revelation, the triune God, and the world as creation - identifying their biblical basis and the highlights of their historical development before giving a systematic evaluation of each theme. The third part provides an overview of Christian theology from the early church to the present.

Alister McGrath's Christian Theology: An Introduction is one of the most internationally-acclaimed and popular Christian theology textbooks in use today. This 5th edition has been completely revised, and now features new and extended material, numerous additional illustrations, and companion resources, ensuring it retains its reputation as the ideal introduction to Christian theology. Fully updated 5th edition of the bestselling textbook, incorporating expanded material, numerous student features and new illustrations Features new sections on Copernicanism and Darwinism Includes extended discussions of Augustine's doctrine of creation, Trinitarian theologies of religion, and the relation of Christianity to other faiths May be used as a stand-alone volume, or alongside the Christian Theology Reader, 4th edition for a complete overview of the subject Retains the chapter structure of the 4th edition, ensuring comparability with earlier editions and courses based on these Accompanied by a revised instructor's website featuring expanded resources including study questions and answers; visit www.wiley.com/go/mcgrath for more details and to register for access

This book helps beginning theological students grasp the basics of Christian theology. Consciously avoiding the perspective of one school of thought or confessional tradition, the authors provide the reader with a brief, broad overview of the questions and contents of theological study. Their accessible use of language, clear organization, and careful explanation will prove of invaluable aid to those who are getting their theological feet wet for the first time. "In the words of its authors, this book offers an introduction 'to the fuller spectrum of Christian theology as it has developed through the centuries.' Few writers address the historical development of the classic doctrines and the contemporary resonance as adroitly as Gonzalez and Perez. The chapter on Jesus Christ, for example, presents concise summaries of the treatments of Christ's person leading up to Chalcedon, while suggesting a need for a multiplicity of images in understanding the work of Christ that liberates the whole person and restores all creation. Beginning students, as a result, are invited into a living theological conversation, where the contested claims of the past have continued relevance in a contemporary era beset by its undervaluing of the whole body and creation. Broadly ecumenical in tenor, with reference to theologians from nearly every century, the work should appeal to both a popular readership and introductory students in college and seminary. One disappointing aspect of the book is an absence of Latino/a, feminist, and liberation perspectives. For a work that argues for the contextuality of all theology, and from authors whose previous work has been monumental in Hispanic theological education, this lack is surprising."---David H. Jensen, Austin Presbyterian Theological Seminary, in Religious Studies Review, Volume 29 Number 3, July 2003.

When handling the things of God, our method matters. Everyone who thinks about God has a method for approaching the subject, whether they recognize it or not. A theological method addresses foundational questions such as: What is theology? How should we approach Scripture? What is the role of tradition, philosophy, and experience? How do we use theology in ministering to others? These questions are vital for anyone studying God and his Word—how one defines theology, sees its task, and uses its sources will shape one's doctrine, for better or worse. In The Method of Christian Theology, Rhyne Putman guides readers through the essential "first words" of systematic theology. Written for entry-level theology students, this book provides clear guidance for using theological sources, reasoning through difficult questions, and applying theological reflection in paper writing and preaching. By studying the foundations of theology, readers will be better equipped to serve God's people in whatever ministry they are called to.

Freshly updated for this second edition with considerable new material, this authoritative introduction to the history of Christian theology covers its development from the beginnings of the Patristic period just decades after Jesus's ministry, through to contemporary theological trends. A substantially updated new edition of this popular textbook exploring the entire history of Christian thought, written by the bestselling author and internationally-renowned theologian Features
additional coverage of orthodox theology, the Holy Spirit, and medieval mysticism, alongside new sections on liberation, feminist, and Latino theologies, and on the global spread of Christianity Accessibly structured into four sections covering the Patristic period, the Middle Ages and Renaissance, the reformation and post-reformation eras, and the modern period spanning 1750 to the present day, addressing the key issues and people in each includes case studies and primary readings at the end of each section, alongside comprehensive glossaries of key theologians, developments, and terminology. An Introduction to Christian Theology
Cambridge University Press

Most historical theology texts follow Christian beliefs chronologically, discussing notable doctrinal developments for all areas of theology according to their historical appearance. And while this may be good history, it can make for confusing theology, with the classic theological loci scattered throughout various time periods, movements, and controversies. In Historical Theology, Gregg Allison offers students the opportunity to study the historical development of theology according to a topical-chronological arrangement, setting out the history of Christian doctrine one theological element at a time. Such an approach allows readers to concentrate on one tenet of Christianity and its formulation in the early church, through the Middle Ages, Reformation, and post-Reformation era, and into the modern period. The text includes a generous mix of primary source material as well, citing the words of Cyprian, Augustine, Aquinas, Luther, Calvin, Barth, and others. Allison references the most accessible editions of these notable theologians' work so that readers can continue their study of historical theology through Christian history's most important contributors. Historical Theology is a superb resource for those familiar with Wayne Grudem's Systematic Theology or interested in understanding the development of Christian theology. Regarded as the leading text in Christian theology for the last 25 years, Alistar E. McGrath's The Christian Theology Reader is now available in a new 5th edition featuring completely revised and updated content. Brings together more than 350 readings from over 200 sources that chart 2,000 years of Christian history. Situates each reading within the appropriate historical and theological context with its own introduction, commentary, and study questions. Includes new readings on world Christianity and feminist, liberation, and postcolonial theologies, as well as more selections by female theologians and theologians from the developing world. Contains additional pedagogical features, such as new discussion questions and case studies, and a robust website with new videos by the author to aid student learning. Designed to function as a stand-alone volume, or as a companion to Christian Theology: An Introduction, 6th edition, for a complete overview of the subject.

Drawing together leading scholars from both theological and literary backgrounds, Christian Theology and Tragedy explores the rich variety of conversations between theology and tragedy. Three main areas are examined: theological readings of a range of tragic literature, from plays to novels and the Bible itself; how theologians have explored tragedy theoretically; and how theology can interact with various tragic theories. Encompassing a range of perspectives and topics, this book demonstrates how theologians can make productive use of the work of tragedians, tragic theorists and tragic philosophers. Common misconceptions - that tragedy is monolithic, easily definable, or gives straightforward answers to theodicy - are also addressed. Interdisciplinary in nature, this book will appeal to both the theological and literary fields.

This highly acclaimed and widely used volume now in its third edition, is a collaborative presentation of the chief Christian doctrines in light of their traditional theological formulations, their historical development, and contemporary challenges. Joined by David Tracy, Langdon Gilkey, Edward Farley, Sallie McFague, and many others, Hodgson and King explore the task of theology, method, scripture and traditions, God, revelation, creation, human being, sin and evil, Christ and salvation, church, sacraments, the Spirit and Christian life, the reign of God, other religions, and "the Christian paradigm." Each chapter sets forth the primary shape and substance of a doctrine, its historical development, "how that tradition has been challenged and transformed under the pressures of modern thought," and new and persistent issues that set the agenda for future theological work. Written with intelligence and verve, and newly updated, Christian Theology has proven a superlative introduction to Christianity's classical heritage and its future theological horizons. Companion volumes include Readings in Christian Theology and Reconstructing Christian Theology.

This text poses the question "what is theology?" and goes on to discuss issues of methodology, the relation of theology to other disciplines and different theological perspectives. It also investigates topics in the fields of philosophical theology (human existence; revelation; the language of theology; and Christianity and other religions), symbolic theology (triune God; doctrines of creation; the problem of evil and suffering; the person of Jesus Christ; and eschatology) and applied theology (the Church; ministry and mission; word and the sacraments; worship and prayer; and ethics). This introduction to Christian theology explores the whole Christian tradition in a simple and straightforward way. Leading Wesleyan theologian Don Thorsen surveys the theological views represented within historic Christianity and discusses the variety of positions held without favoring one over another. The book includes helpful end-of-chapter questions for further reflection and discussion, a convenient glossary of theological terms, and sidebars. The second edition is marked by a thorough updating of the text and the addition of two new chapters on apologetics and the future of the unevangelized. This innovative work is an introduction to Christian theology with a difference. Not only does it interpret, with clarity and energy, fundamental Christian beliefs but it also shows how and why these beliefs arose, promoting an understanding of theological reflection that encourages readers to think theologically themselves. From Irenaeus and Aquinas to Girard, from Augustine to Zizioulas and contemporary feminist thought, Divine Teaching explores the ways in which major thinkers in the Christian tradition have shaped theology through the wide variety of their encounters with God. It makes theological study adventurous and interactive, not necessarily requiring a faith commitment from all, but allowing readers a thoughtful involvement in the subject that takes seriously the Christian vision of God as the ultimate teacher of theology. Divine Teaching: An Introduction to Christian Theology is an imaginative and lively analysis of the Christian way of thinking, offering vivid and informing insight into the history and practice of Christian theology. An accessible introduction to Christian philosophical theology. Philosophical or analytic theology seeks to employ philosophical tools while studying topics in Christian theology and examining the logical consistency or intelligibility of some of the key doctrines of the Christian faith. In this accessible primer, An Introduction to Christian Philosophical Theology, authors Stephen T. Davis and Eric T. Yang first explain the scope, relevance, and value of philosophical theology and then apply its conceptual tools to examine each of the core Christian doctrines: Revelation and Scripture, The Trinity, The Incarnation, Redemption, and the...
at one time, the material, each reading is accompanied by an introduction, comments, study questions, and a helpful glossary of terms used by
the reader. Readings, 3rd Edition comprises sixty-eight readings spanning twenty centuries of Christian history. To help readers engage with
the material, each reading is accompanied by an introduction, comments, study questions, and a helpful glossary of terms used by
the author. Readings are drawn from a broad theological spectrum and include both historical and contemporary, mainstream, and
contemporary Christianity, the reader will become familiar with the dimensions of current Christian thinking in its dialogue with post-modernity.
A biblical, clear, cogent, accessible, comprehensive, and practical summary of Christian belief by one of the most important and original American theologians of the last hundred years.
Christian Theology: The Classics is a vibrant introduction to the most important works of theology in the history of Christian thought. Exploring writings from the origins of Christianity to the present day, it examines some of the most influential theologians of all time, considering the context in which they were writing and the lasting significance of their work. Covering thirty-one theological classics such as: • Augustine of Hippo, On the Trinity • Martin Luther, Commentary on Galatians • John Calvin, The Institutes of The Christian Religion • Jonathan Edwards, Religious Affections • St Thomas Aquinas, Summa Theologiae With a glossary and outlines of the key criticisms of each text, this book is the perfect starting point for anyone interested in Theology and the history of Christian thought.
An introductory, single authored textbook in theology, introducing the reader to biblical, doctrinal and historical dimensions of Christianity.
Proceedings of a conference held July 14-18, 2009 at St. Andrews.
In this balanced volume, Gregg Allison—an evangelical theologian and church historian—helps readers understand the nuances of Roman Catholic teaching. Walking through the official Catechism of the Catholic Church, Allison summarizes and assesses Catholic doctrine from the perspective of both Scripture and evangelical theology. Noting prominent similarities without glossing over key differences, this book will equip Christians on both sides of the ecclesiastical divide to fruitfully engage in honest dialogue with one another.
Dan Stiver has crafted an engaging one-volume introduction to Christian beliefs, based on his experience teaching introductory theology courses. While discussing how traditional theology came to be, he explains for both undergraduates and graduate students how theology is already a part of their life of faith. As he examines traditional theological issues and such current topics as globalization and ecology, Stiver treats theology as a living, dynamic activity. Employing useful case studies, his groundbreaking approach helps students understand what theology is—and shows them that they are participants in creating an ongoing, vigorous theology that will remain at the center of their faith for the rest of their lives.
This highly successful and popular book is now available in a thoroughly expanded and updated new edition. Alister E. McGrath, one of the world’s leading theologians, provides readers with a concise and balanced introduction to Christianity as it has been interpreted by many of its greatest thinkers and commentators, from its beginning to the modern day. Theology: The Basic Readings, 3rd Edition comprises sixty-eight readings spanning twenty centuries of Christian history. To help readers engage with the material, each reading is accompanied by an introduction, comments, study questions, and a helpful glossary of terms used by its author. Readings are drawn from a broad theological spectrum and include both historical and contemporary, mainstream, and cutting-edge approaches. Uses the Apostles’ Creed as a framework to introduce readers to writings on key issues, such as faith, God, Jesus, creation, and salvation. Represents two thousand years of sustained critical reflection within western Christianity. Encourages readers to interact with each text and to engage with primary sources. Serves as an ideal companion to the bestselling, Theology: The Basics or as a standalone text. Theology: The Basic Readings, 3rd Edition is an essential guide to the topics, themes, controversies, and reflections on Christianity as they have been understood by many of its greatest commentators. Dallas Seminary Professors Make Basic Theology Accessible for All Theology doesn't have to be complicated. In this book, trusted Dallas Seminary professors present a concise systematic theology that distills the essential spiritual truths in a way that makes sense to readers--students, lay people, and pastors. Here are introductions, overviews, and reviews of key tenets of orthodox

Page 3/4
protestant evangelical doctrines. The book also includes an annotated list of key applicable Bible texts, a quick-paced story of doctrine throughout church history, heresies or distortions to be aware of, and more. Exploring Christian Theology is useful for discipleship, catechesis, membership training, preview or review of doctrine, or quick personal reference. It can also be used by ministry training programs, Bible colleges, or seminaries as an introductory primer to orient students in preparation for a more in-depth study of theology.

A comprehensive introduction to theology from an Anglican perspective.

Students often find introductions to systematic theology too daunting or boring to wade through. Here author and teacher Bradley Hanson offers an attractive, accessible alternative for undergraduates. Hanson draws on 16 years of successful teaching to create exciting and pertinent presentations of major topics, illuminate options on key issues, and nudge students to formulate a personal stance.

This Companion introduces readers to the practice of Christian theology, covering what theologians do, why they do it, and what steps readers can take in order to become theological practitioners themselves. The volume aims to capture the variety of practices involved in doing theology, highlighting the virtues that guide them and the responsibilities that shape them. It also shows that the description of these practices, virtues and responsibilities is itself theological: what Christian theologians do is shaped by the wider practices and beliefs of Christianity. Written by a team of leading theologians, the Companion provides a unique resource for students and scholars of theology alike.

A revised edition of Erickson's successful systematic theology with updated text and new pedagogical aids, such as chapter outlines, chapter objectives, and study questions.

A superb, standard Christian theology text for nearly a quarter century, Daniel Migliore's Faith Seeking Understanding explores all of the major Christian doctrines in fresh contemporary ways. This third edition offers new FOR FURTHER READING suggestions at the end of each chapter, a substantial expansion of the glossary, and new material incorporated throughout, including a section on Christians and Muslims. Further, the three imaginary theological dialogues culminating the book -- pointedly playful exchanges that have delighted countless readers -- are here joined by a fourth dialogue, between Karl Barth and Friedrich Nietzsche, on atheism. All in all, a new generation of students, pastors, and Christian educators eager to better understand the rich heritage, central themes, and contemporary challenges of Christian theology, will find both guidance and stimulation in Migliore's updated work.

In this book, African Christian theology is introduced as a Kpeleological reflection about life in the context of Africa, which exists in the context of the cosmos. Kpeleology is the ontological mode of being grasped by the agape of God in Christ by grace through faith in the power of the Holy Spirit. By this mode, African theology is introduced by way of a definition, a principle of paradox, and a description, as well as a critical view of the works of African theologians. It examines the issues of method, criteria, and sources of doing theology in Africa and introduces the method of Kpeleology as an African theological method. This is explored further as a holistic theoretical method that is conscious of its being in existence, and its life in history, that is driven by faith in the triune God in a pneumatological experience that has been termed in this book as the Kpeleological ontological mode. The book is ecumenical in view of its engagement with Christian tradition. It presents a Kpeleological theology that is concretely African and universally Christian in the Okpelejen Wulormor—the cosmic Jesus Christ who is and was, but beyond the munus triplex (Priest, King and Prophet, threefold office of Jesus Christ) that is to come. Hence it is a theology which embraces elements of Reformed, Lutheran, Methodist, Pentecostal, Charismatic, Roman Catholic, and Eastern Orthodox theological insights in the African context. Avoiding any form of denominational or theological bias, this essential textbook provides full coverage of the first 2,000 years of Christian theological debate, including substantial information on historical, philosophical, and systemic theology. Includes an extensive glossary of terms and an updated guide to theological resources on the Internet.

Now available in a fully-revised and updated new edition, this popular textbook by one of the worlds leading theologians offers a lively, jargon-free introduction to Christianity. Features a wealth of new material on global Christianity, American Christianity, the Orthodox Church, current theological debates, and Christianity in relation to other world religions. Includes enhanced and expanded student-friendly features, including numerous illustrations, suggestions for further reading, a glossary of Christian terms, and brief readings from primary Christian sources. Written in an accessible and engaging style that assumes no prior knowledge of Christian beliefs or practices, making it an invaluable resource for beginners to the subject as well as those looking for a refresher. Incorporates coverage of Catholicism, Orthodox, Protestantism, Evangelicalism, and Pentecostalism. A glossary, related websites, and other resources from Dr. McGrath are available online at www.alistermcgrathwiley.com

Daniel Migliore's Faith Seeking Understanding has been a standard introduction to Christian theology for more than a decade. The book's presentation of traditional doctrine in freshly contemporary ways, its concern to hear and critically engage new voices in theology, and its creative and accessible style have kept it one of the most stimulating, balanced, and readable guides to theology available. This second edition of Faith Seeking Understanding features improvements from cover to cover. Besides updating and expanding the entire text of the book, Migliore has added two completely new chapters. The first, "Confessing Jesus Christ in Context," explores the unique contributions to Christian theology made by recent theologians working in the African American, Asian American, Latin American, Hispanic, feminist, womanist, and mujerista traditions. The second new chapter, "The Finality of Jesus Christ and Religious Pluralism," addresses the growing interest in the relationship of Christianity to other religions and their adherents. Migliore's three delightful theological dialogues are followed by a new appendix, an extensive glossary of theological terms, making the book even more useful to students seeking to understand the history, themes, and challenges of Christian belief.

This popular text has been updated to ensure that it continues to provide a current and comprehensive overview of the main Christian theologies of the twentieth and twenty-first centuries. Each chapter is written by a leading theologian and gives a clear picture of a particular movement, topic or individual. New and updated treatments of topics covered in earlier editions, with over half the chapters new to this edition or revised by new authors. New section singling out six classic theologians of the twentieth century. Expanded treatment of the natural sciences, gender, Roman Catholic theology since Vatican II, and African, Asian and Evangelical theologies. Completely new chapters on spirituality, pastoral theology, philosophical theology, postcolonial biblical interpretation, Pentecostal theology, Islam and Christian theology, Buddhism and Christian theology, and theology and film. As in previous editions, the text opens with a full introduction to modern theology. Epilogue discussing the present situation and prospects of Christian theology in the twenty-first century.
